

Techcet CA, LLC. Privacy Policy

Techcet CA, LLC. knows that you care how information about you is used and shared, and we appreciate your trust that we will do so carefully and sensibly. This notice describes our privacy policy. **By visiting Techcet.com, you are accepting the practices**

What Personal Information About Customers Does Techcet.com Gather?

The information we learn from customers helps us personalize and continually improve your information gathering experience at Techcet.com. Here are the types of information we gather.

- **Information You Give Us:** We receive and store any information you enter on our Web site or give us in any other way. You can choose not to provide certain information, but then you might not be able to take advantage of many of our features. We use the information that you provide for such purposes as responding to your requests, customizing information that may be of interest to you and your business, improving our business and products, and communicating with you.
- **E-mail Communications:** To help us make e-mails more useful and interesting, we often receive a confirmation when you open e-mail from Techcet.com if your computer supports such capabilities. We also compare our customer list to lists received from other companies, in an effort to avoid sending unnecessary messages to our customers.

Does Techcet.com Share the Information It Receives?

Information about our customers is an important part of our business, and we are not in the business of selling it to others. We share customer information only as described below that either are subject to this Privacy Notice or follow practices at least as protective as those described in this Privacy Notice.

- **Third-Party Service Providers:** We employ other companies and individuals to perform functions on our behalf. Examples include fulfilling orders, delivering packages, sending postal mail and e-mail, removing repetitive information from customer lists, analyzing data, providing marketing assistance, providing search

results and links (including paid listings and links), processing credit card payments, and providing customer service. They have access to personal information needed to perform their functions, but may not use it for other purposes.

- **Business Transfers:** As we continue to develop our business, we might sell or buy, subsidiaries, or business units. In such transactions, customer information generally is one of the transferred business assets but remains subject to the promises made in any pre-existing Privacy Notice (unless, of course, the customer consents otherwise). Also, in the unlikely event that Techcet.com, Inc., or substantially all of its assets are acquired, customer information will of course be one of the transferred assets.
- **Protection of Techcet.com and Others:** We release account and other personal information when we believe release is appropriate to comply with the law; enforce or apply our [Conditions of Use](#) and other agreements; or protect the rights, property, or safety of Techcet.com, our users, or others. This includes exchanging information with other companies and organizations for fraud protection and credit risk reduction. Obviously, however, this does not include selling, renting, sharing, or otherwise disclosing personally identifiable information from customers for commercial purposes in violation of the commitments set forth in this Privacy Notice.
- **With Your Consent:** Other than as set out above, you will receive notice when information about you might go to third parties, and you will have an opportunity to choose not to share the information.

How Secure Is Information About Me?

- We work to protect the security of your information during transmission by using Secure Sockets Layer (SSL) software, which encrypts information you input.
- We reveal only the last four digits of your credit card numbers when confirming an order. Of course, we transmit the entire credit card number to the appropriate credit card company during order processing.
- It is important for you to protect against unauthorized access to your password and to your computer. Be sure to sign off when finished using a shared computer.

These third-party Web sites and advertisers, or Internet advertising companies working on their behalf, sometimes use technology to send (or "serve") the advertisements that appear on our Web site directly to your browser. They automatically receive your IP address when this happens. They may also use cookies, JavaScript, web beacons (also known as action tags or single-pixel gifs), and other technologies to measure the effectiveness of their ads and to personalize advertising content. We do not have access to or control over cookies or other features that they may use, and the information practices of these advertisers and third-party Web sites are not covered by this Privacy Notice. Please contact them directly for more information about their privacy practices.
